UNICON
INDUSTRIAL LINING

About Company

Established in the year 1989, in Vadodara (Gujarat, India), we, "Unicon Industrial Lining", are renowned as an affluent manufacturer and supplier of a wide array of Industrial Tank, Industrial Pipe, Chemical Plant Machinery and Water Treatment Plant Equipment. The offered products are highly demanded in the market for their features like easy to install, accurate functioning, high efficiency, hassle free performance, low maintenance and long service life. These products are manufactured using supreme grade raw material and the most-modern production technology in compliance with the international standards.

We are backed by the state-of-the-art-infrastructure that sprawls over a wide area of land. In order to function smoothly and efficiently, our infrastructure unit is further divided into various departments like manufacturing, quality testing, R&D, sales and marketing, etc. Also, our highly skilled professionals are able to maximize the production capacity of the firm. We have installed advanced machines and technologies in our manufacturing unit, which enable us to manufacture flawless range of products within the committed time frame.
